

JUL 11 2008

UPSB

The Honorable Judge Robbie James,

ROBERT H. SHEMWELL, CLERK
BY Alanya
DEPUTY

As residents of Union Parish, we, the undersigned, are deeply concerned about the adverse affect D'Arbonne Woods Charter School will have on Union Parish public schools and the future of our children and communities.

Being free from many laws and regulations governing public schools, a not-so-clear admission policy, and known history of Rocky Branch community's racial disparity in education - Eric Cleveland v. Union Parish School Board - we strongly feel D'Arbonne Woods Charter School, located in Rocky Branch, would undo all efforts put forth by BESE to guarantee racial balance in our schools and academic equality for all students.

We furthermore feel those precious dollars taken from existing schools to support D'Arbonne Woods Charter School would bring additional financial hemorrhaging to those already suffering schools and communities.

We believe a quality education is every child's inheritance, but not at such a large cost to children and communities.

We are encouraged you will rule on what is just, true and fair for a secure future for our children and their future.

Respectfully,

Union Parish Residents, Parents, Educators, Students, and Community Leaders (Whose Signatures below attest to agreement with the contents of this document).
